

There are **more viruses**  
**than stars** in the  
universe.

An estimated **10 nonillion** individual viruses exist on our planet.

We cannot control the virus,  
but **we can control the  
epidemic.**

Governments are preparing to reduce  
controls, to build recovery plans  
And **safe return to business.**

Meaning we need to  
adjust.

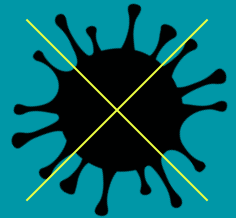

A person wearing a white hard hat and a high-visibility safety vest is holding a smartphone. The background is a blurred outdoor setting with trees. The entire image has a teal overlay.

Temperature screening and increased levels of hygiene are likely to become the two main aspects of this.

Specially assist to prevent  
the spread of COVID - 19
